BACKGROUND

Football Federation SA (FFSA) is an organisation that is committed to fostering an environment where children feel respected, valued and encouraged to reach their full potential. A child safe and child friendly environment minimises the risk to children from physical, sexual, emotional and psychological harm and/or neglect.

Football Federation Australia (FFA) provides a comprehensive Membership Protection Policy, which FFSA and all affiliated associations are required to implement. The policy aims to ensure that every person involved in our sport is treated with respect, dignity and is safe and protected from abuse.

On 22 October 2018 some of the requirements to create and maintain a child safe environment were removed from the *Children's Protection Act 1993 and replaced by the Children and Young People (Safety) Act 2017*. New, stronger laws for people volunteering with children have been implemented into law following recommendations as part of Federal and South Australian royal commissions into child abuse and child protection systems to help keep children safe in our community.

All clubs and associations that are affiliated to FFSA and that provide services to children and young people Under 18 years of age will be required to implement the requirements that are outlined in this document.

CHILD SAFE ENVIRONMENT COMPLIANCE REQUIREMENTS

a. Lodging a Compliance Statement.

All clubs that provide services to children and young people Under 18 years of age must lodge a Child Safe Environment Compliance Statement with the Department for Education to confirm appropriate child safe environment policies and procedures are in place.

A single compliance statement on behalf of all clubs and affiliated associations will be submitted by FFSA. This compliance statement stipulates that all affiliated clubs and associations implement and abide by the child safe environment policies and procedures.

Action:

All affiliated clubs must complete the Child Safe Compliance Statement as outlined in Appendix A. This statement must be completed and submitted to FFSA, within the specified timeframe stipulated by FFSA, by any club that provide services to children and young people Under 18 years of age.

The adoption of a single compliance statement will ensure consistency across the whole of the sport. The single compliance statement also means that each individual club and/or association is not required to submit such a statement.

b. Working with Children Checks (WWCC)

South Australia has introduced stronger, more effective and transparent screening laws for people working or volunteering with children. The new laws mean that, from 1 July 2019, everyone working or volunteering with children must have valid child-related screening.

These changes were recommended as part of South Australian and federal royal commissions, to help keep children safe in our communities.

The Working with Children Checks (WWCC) will replace all other child screening checks including the National Police Certificates. Football Federation SA stipulates that any person that holds a 'Prescribed Position', as outlined below, involving a person Under 18, must have a WWCC;

A prescribed position is:

- All people who have contact with children or work in close proximity to children and are not directly supervised;
- Manage or supervise volunteers or paid staff that work with children;
- Have access to records in relation to children.

A person is not required to have a WWCC if they;

- work for SA Police or the Australian Federal Police;
- work in the same capacity as a child (e.g. you work at a checkout in a supermarket that also hires people under 18 in the same type of role);
- don't work with children for more than seven days (consecutive or not) in a calendar year*;
- live interstate, have a current child-related check from your home state, and are working at an organised event in South Australia lasting no more than 10 consecutive days;
- are under the age of 14.

*The seven-day exclusion does not apply if the person is involved with an overnight activity (e.g. end of season camp) or has close contact with children with disability.

Football Federation SA has already developed a policy relating to the WWCC. This policy clearly outlines who needs to complete a WWCC and the process that needs to be undertaken to obtain such a screening.

Action:

Implement the Football Federation SA policy relating to WWCC.

c. Mandated Notifiers

The *Children and Young People (Safety) Act 2017* makes it a legal requirement for certain people to report a reasonable suspicion or incidences of abuse or neglect. This obligation is known as mandatory notification and a penalty may stem from an individual's failure to comply.

Notifications must be made to the Families SA *Child Abuse Report Line on 13 14 78*.

Definition

Mandated notifiers are an employee of, or volunteer in, a government or non-government organisation that provides health, welfare, education, sporting or recreational, childcare or residential services wholly or partly for children.

These people:

- are engaged in the actual delivery of those services to children, or
- hold a management position in the relevant organisation the duties of which include direct responsibility for, or direct supervision of, the provision of those services to children.

Based on the above definition, coaches, trainers, managers, any person that is providing services to children and leaders within the club are required by law to report abuse or neglect of children.

Action:

All clubs are to identify and inform the relevant people within the club of their legal obligation to be a mandated notifier.

FOOTBALL FEDERATION SA COMPLAINTS PROCESS

Rationale

Football Federation SA (FFSA) is committed to providing a high-quality service to all our stakeholders. If a stakeholder has a complaint, it needs to be addressed firstly with the party that the complaint relates to, this may be a club or affiliated association. If the complaint is not addressed at this level, it can then be referred to FFSA so that appropriate action may be implemented.

Complaints may vary in severity and complexity and may be addressed informally or formally. Any complaint received should be addressed in a timely manner and should not be avoided as it may result in a minor complaint becoming significant. FFSA aims to provide consistency and fair handling of all complaints through this procedure.

Required Outcome 1:

To ensure that all clubs and affiliated associations abide by the Football Federation Australia (FFA) and FFSA Competition Rules and Regulations, policies and procedures.

Required Outcome 2:

To provide a clear and concise complaints process including an appeal process.

Required Outcome 3:

To provide consistency and fair handling of all complaints.

COMPLAINT PROCESS

Prior to Submitting a Formal Complaint to Football Federation SA.

1. Prior to contacting FFSA in relation to a complaint, the complainant should consider whether the matter has been addressed with the person/s concerned. If the complaint is in relation to a club or association, in the first instance, the club and/or association should be provided with the opportunity to resolve the matter.
2. In submitting a complaint to a club or association, this may in the first instance be undertaken informally. This may involve having a conversation with the relevant person about the complaint/grievance. If the matter is resolved no further action is required.

3. If the matter cannot be resolved informally, the complaint/grievance should be submitted in writing to the relevant party outlining the nature of the complaint and the outcome that is wanted. Any formal correspondence should provide a timeframe for a response, normally 7 days. If the matter is resolved no further action is required.
4. If the complaint/grievance is not resolved by the club/association following informal and formal process, a formal complaint may be made to FFSA. Prior to doing so, a person may contact FFSA to determine if the matter can be resolved without making a formal complaint. In undertaking this process the FFSA will only provide advice, a determination will not be made or tell the person what action they should or should not undertake.

Submission of a Formal Complaint to Football Federation SA.

1. All complaints are to be submitted in writing. The information should be specific and provide details relating to the actual complaint.
2. If the complaint/grievance is in relation to a competition matter, it should be addressed to the relevant Competition Administrator. Please note that FFSA Competition Staff will not address matters with individuals if they have not been addressed through their club.

Investigating a Complaint
